

# 2009 School Yearbook

**\$15 EACH**

**Money due by 9th September**

Wow this year is flying and before we know it, it will be gone!! An excellent way to remember 2009 is with this year's School Magazine!

This year we will be staying with the same format as last year due to the positive response we received. If you would like to view the 2008 magazine we will have a copy at the office that you may browse through.

The teachers and students have gone to a lot of effort to produce class pages full of colour and memories of this year's events.

Each class has a double page and we have pages that will include this year's production, School Disco, Family Fun Night and lots more.

**We have kept the cost to \$15 a book.**

Please return bottom section with your money to secure your Yearbook.

We are only ordering the correct number of books to orders so it is important to get your form and payment back by the due date.

**Money and form due back by 9th September**
