**ACTING PRINCIPAL ARRANGEMENTS**

Next Wednesday I will be having some surgery to replace two discs in my neck (you read that correctly!) due to complications from my cycling accident a couple of years back. I will be off work until after the school holidays. During my absence the two assistant principals will be leading the school, Mrs Jo-Anne Lang and Mr Garry Fowler. Bimbadeen is fortunate to have such high quality and capable leaders who I have the utmost confidence in. I will be here until next Tuesday, June 7, and look forward to returning at the start of next term.

**STRUCTURED AND ORDERLY LEARNING ENVIRONMENT – WALT, WILF & EXPLICIT INSTRUCTION**

One of the features of our school is the structured and orderly learning environment and explicit teaching that gives our children the best chance of learning success. As I have been showing dozens of prospective parents around our school recently I have pointed out the WALT and WILF signs that are on display in every classroom. These are a very important aspect of our teaching to ensure that every child knows and understands the learning intention for the lesson and the success criteria. WALT stands for ‘We Are Learning To’ and WILF stands for ‘What I’m Looking For’. Many educational research studies have proved that if we can make the learning intention clear for children as well as make it clear what the teacher is looking for, children’s learning improves.

Dr Jennifer Buckingham, a research fellow at The Centre for Independent Studies, has stated that explicit instruction is the most effective approach to use compared to inquiry based methods of teaching depending on where students are in the trajectory of their learning. When children are new learners, when they’re learning a new concept or something that’s really complex, then explicit instruction is by far the most effective strategy. (You may find her podcast interesting. You will find it by searching for Episode 58 of The Learning Capacity Podcast on Stitcher or iTunes.)

You can be confident that the instructional model that we use from Foundation to Year 6 at BHPS is supported by current research and verified by the learning achievements of our students.
PARENT-TEACHER INTERVIEWS

Elsewhere in today’s Blaze you will find a notice about Parent-Teacher interviews to be held in the final week of this term. Please look for this notice as it will explain the booking process and timeline. Mid-Year Parent/Teacher interviews are most important meetings where your child’s learning progress is discussed and plans made to help ensure that your child’s learning continues successfully in the second half of the year. We want to talk to the parents of every child so please ensure that you make an appointment.

Reporting to parents consist of three equally important parts. The Student Assessment Portfolios that are sent home at the end of each term, the Semester 1 & 2 Written Reports that are sent home in June and December and thirdly, the face-to-face parent-teacher interviews. These are offered formally at the end of Term 2 each year but are of course available at any time of the year as needed by either teachers or parents.

Teachers look forward to meeting with all parents and talking about each child’s learning progress and areas for development.

We are in desperate need of spare uniform (especially dresses, shorts and pants) in the sickbay for our younger students. BOOK FAIR

Thank you to everyone who supported our annual Book Fair which this year was supplied by Lamont Books. Our students really love coming along and browsing, looking at and wishing for books they’d love to own in their own collections. Funds raised from this annual event go into purchasing books and supporting our book catalogue right throughout the school.

THANK YOU’S

Thank you to the Leggo family who have donated books they no longer require. We always appreciate our school families who support us in this way.

Described by respected critics as "one of the finest artists in the world", as well as being one of Australia's favourite pianists, Simon's genuine and natural rapport with young children shines through in a 40 minute presentation of well-known classical and jazz works, mixed in with on-the-fly improvisation and funny stories from his childhood.

Designed for preschool and early childhood ages this is not a standard seated performance. So if you or your child like to be close to the action expect a numb bottom or bring a cushion with you!

Extra Garshin in performance
