Kaitri's Catering BHPŞ School Lunches Every Wednesday

- We will be set up with a limited menu for snacks and lunch orders every Wednesday down outside the gym.
- Recess time children will be able to purchase a range of healthy snacks (cash sales only).
- All lunches must be done by lunch order through the classroom or through the flexi school online ordering system.
- We will attempt to cater for all dietary requirements. Please call Bianca on 0419841055 for more information and menu.
- We will have a separate line for the founders and grade 1 children. If they are unsure of ordering snacks please write on an envelope with the money in it and we will help them with this process.
- We will also have specials throughout the year, so keep an eye on our Facebook page as well as the school canteens.
- We will use the traffic light system so the children can understand and choose the healthy options. All the food on our menu has been underlined in colour so they can put them into their categories.

We shall first show you which foods fit into which category. We have listed common foods and drinks in each colour category.
