LIFE EDUCATION VAN

Life Education has been visiting our school for many years and is always a highlight of the children's year, and helps to facilitate the development of the life skills in students to prevent and minimise the harm of drug misuse.

Lessons are always age appropriate and the children will be covering a wide range of drug and health related topics, ranging from the human body and how it works, healthy eating and nutrition, medicines and drugs, bullying, resilience and social skills. Healthy Harold, the much loved Life Education giraffe mascot is always a much anticipated element of the Life Education visit. The sessions are always fun, interactive and really extend and develop the children's understanding of the topics covered.

As a charity, Life Education relies heavily on the generosity of local organisations to keep its fleet of mobile classrooms on the road delivering positive health and life messages to over 200,000 children in Victoria alone.

<u>When:</u>	TUESDAY 11 TH – THURSDAY 20 TH SEPTEMBER
<u>Cost:</u>	\$9 which covers 50% of the actual cost. (this activity is covered by the excursion levy)

Parents are most welcome to attend any of these activities. Just let the class teacher know beforehand if you plan to attend. Space on the bus may be limited so you may need to make your own way there. In regards to the Lilydale High Production, seating at the venue may also be limited as they invite other primary schools to attend as well.

Thank you
